Rural Feel, Friendly Neighbourhood

A rare opportunity you won't regret, this allotment in excess of 5000m² is one of just a handful of this size in the Swanport Heights land division. Offering roughly twice the size of the regular allotments and backing onto farming land, this is the perfect rural feel within a friendly, serviced, land division. Power and water are ready to go, street lighting and footpaths complete the neighbourhood feel, and numerous high-quality builds are taking shape within the division. A community you'd be pleased to become a part of, register your interest quickly as this is the only one left of its kind.
