## **large farm land for sale**

Great opportunity for someone who would love to own a farm on the island .

Almost 15 acres.

Situated at the bottom of the sealed Kings Road, fully fenced, and with a massive 5 bay shed, smaller work/storage shed.

The property has established produce trees avocado's and Banana trees. Just to name a few, and was originally part of a farm, would be a great position for all types of development.
