## **2-ACRE BUSH BLOCK IN HISTORIC HILL END**

Located in the historic Hill End Village, this appealing property offers an exciting opportunity to secure a beautiful 2-acre bush block. With building entitlement already in place, this property is ideal for those seeking a tree change or a peaceful weekend retreat.

Access to the block is available through crown land, providing a unique sense of seclusion. While some earthworks, a road/driveway, and a cleared parcel will be required, the potential for a custom-built haven surrounded by nature is endless. Call today to discuss further.
