Dreamy Lifestyle Allotment

Dreaming of your own piece of rural paradise with room to move, peace and privacy, perhaps a horse or simply just a tranquil lifestyle? This picturesque allotment could be your perfect country haven.

4.48Ha (11 acres) of generally flat land with some gentle undulations, dotted with gum trees and very well fenced, this serene property offers a prime country lifestyle yet only 15 minutes into Goolwa's township and all the amenities it offers.

Design and build the rural hideaway you've always dreamed of and of course, there's plenty of room for shedding, stables, an arena and much more (STCC) if horses are your thing.

A huge advantage is that mains power is available to connect to at the front of the property (there is no mains water available in the area).

No time limit to build either, so you could simply enjoy it as a weekend escape until the time is right to build.

Just a 14km drive into Goolwa's township with both Primary & High Schools, medical, dining and entertainment options + great shopping.

One of the most picturesque lifestyle properties we have seen this year, a dreamy allotment and one you won't want to miss!
