A Rare Opportunity

This block of 1,697 sqm approx. offers the position, size and aspect to build the home of your dreams. With its dimensions and size you can fit or place your home where you would want to and make good use of the northern sun, plus a backyard with room for a pool, shedding or large garden / orchard. Note it has rear access also.

Think of the possibilities. Live amongst some of these beautiful trees, giving you a bush like ambiance. Yet you are in the middle of town, close to the supermarket shops and your local.

With the increasing shortage of land, this is an opportunity that you shouldn't let slip by. Full details are available by contacting the agent Pat Barry at Southcoast First National. M: 0418 124 100
