\$325,000

Vacant blocks in the heart of town are a rare find and this new parcel will have huge appeal to those looking to realise their dream home or investment property. The address makes this a great choice for lifestyle and investment; Farnsworth Street shares the neighbourhood with the Botanical Gardens and The Mill markets, the Railway and Bridge Hotels and the train station. The block is a wonderful 401 sqm (approx.); large enough to accommodate a home, garage, alfresco space and a peaceful courtyard style garden (STCA) with views to Mount Alexander. Part of a recent subdivision, the block boasts street frontage, with all town services available and new Colourbond and on three sides, meaning you've got a head start on development. Enjoy the historic streetscapes of Castlemaine while you live in contemporary comfort and style and without being part of a large estate. For anyone wishing to be walking distance from all the action, yet positioned in a quiet and friendly street, this is it. Be quick to inspect!
