**Contact agent**

The 4-bedroom home has a creek boundary on the northern and Western sides of the property. With a great location just out of the town boundary, and a school bus route. The home was built in 1980 and is a good home for a family to enjoy the outdoor area of the property. With a good shed and garage, and a wood shed. The surrounds of a landscaped garden are all established trees. The home has a separate kitchen plus dining and living room area with a great outlook. Set back off the road for that extra privacy.
