Enjoy Woodend's local Farmers Market at your door step on the first Saturday of every month. The dear old lady, an original, tucked around the corner from the village and overlooking parks and the river. She's very private in her cottage garden, and yes, she is down at heel, needs a visit to the beauty parlour, but she is of stout heart. With an inviting feeling, this is a home for those who would take the time to tease out her strengths and help her onto a better version of her former self. • 518 sqm
