Unwind on 132.62 ha of fertile land, tailor-made for cropping or livestock, complete with an equipped stock and domestic bore, as well as a dam for sustained agricultural productivity. The property boasts practical features for agricultural enthusiasts. A bore and three dams strategically placed throughout the land ensure a reliable water supply for various needs, be it for livestock or crop cultivation. Additionally, the property's proximity to the Cotton Ginning Plant over the railway line adds a unique dimension, providing a convenient connection for those involved in the agricultural industry. This well-rounded property offers not only a picturesque rural retreat but also the essential infrastructure for a thriving agricultural venture.
