Wonderful opportunity to own an approx 16-acre block at the rear of Chalambar Golf Club and at the foothills of One Tree Hill. The block has terrific views of One Tree Hill and will have excellent views to Mt Langhi Ghiran. The block has 3 dams and, is in a natural bush setting with plenty of wildlife and native trees. Perfect for horse and motor bike riding and livestock grazing / agistment. The council have given an indication a building permit will be granted as long as you build to the correct standards and requirements. This would be an outstanding place to build the home of your dreams with plenty of space to enjoy the rest of the property. Just a few minutes to the town centre, close to popular walking and bike tracks, and of course the Chalambar Golf Club. Act now on this superb opportunity and contact the selling agent today.
