\$780,000

Here is a great opportunity to own a lifestyle block in the Tamar Valley- a very picturesque parcel of land with a lovely rural outlook. With an approximate land size of 13.8ha (34.5acres), this property is currently running livestock. The property has excellent fencing, a large dam with water troughs to provide stock water. The acreage offers great pasture and some shelter belts have been planted for shade and wind protection. A short drive to the township of Exeter, where you will find shops, doctors, chemist and only 30km to Launceston CBD.
