\$199,000

Are you looking for a relaxing and quiet getaway from our busy lifestyle? This inviting natural bush landscape comprising 53 acres is approximately 10 minutes from the Batchelor General Store. So private- with no one else in sight! There are only a few neighbors not to be seen. A natural boundary is the road and surrounding fire breaks. This 6x11 shed is a home to the residents, combining an open area to enjoy. Access is via a door and a large side roller door to assist. Power is via a generator - for lights and fans. The shed has an attached front verandah cover to protect the house and act as an outdoor entertainment area. Water from the water tanks is sufficient - for the overhead outdoor shower. Bedrooms can be placed where the next buyer sees fit. There is a kitchen area to the rear of the shed. Furniture would stay with the property. There is a portaloos to assist. So if you are looking for some land and some privacy - this block would be ideal. It is definitely worthy of a viewing- close to amenities but hidden away. Ring to make an appointment.
