This is the perfect blend for lifestyle and livestock within an easy drive to town. Situated in a prized position and bounded by the pristine and legendary Dungay Creek, this is the perfect starter block, the blank canvas and the beginning of your dream. Being approximately 22 Hectares in size and with a dwelling entitlement (STCA) the property is all quality with a solid carrying capacity, abundant water and a sealed road frontage. Access across the whole acreage is excellent and provides cattle yards, great building sites, fabulous camping and picnic spots.
