This is a great opportunity to purchase one of the last remaining quality small acreage blocks that is close to town. A vacant lot of land like this is becoming increasingly harder to find and one with water is nearly non-existent, yet this one has the lot. A magnificent fig tree stands as a beacon and adds character to a clear and fertile natural paradise. One side of the property is completely bounded by the magnificent and pristine Dungay Creek while the other has access to the sealed loop Road known as Gowings Hill Road and is only a matter of minutes to town in 2 different directions. Seize the opportunity to make this unique property your own and enjoy the enviable lifestyle that most of us only ever dream about.
