BENEFITS OF BUILDING WITH CLARENDON HOMES Clarendon Homes have built more than 30,000 homes for Australian families over more than 40 years, and though our designs might have changed over the years, our passion for quality and great service hasn't. Every Clarendon home passes an independent quality inspection of 200 inspection points in the final two weeks of construction. This means that you can be sure your home is being built to display home standard. It's for this reason we build a Lifetime Structural Guarantee into each and every one of our homes - there's quality built into every Clarendon home you simply won't find anywhere else.
