This 1.36-hectare virgin rainforest block, nestled in the heart of the Daintree, presents a unique opportunity. Passed down through generations, it has now become available for a fortunate buyer. Here's why you'll want to make it yours:*

- * Limited Land, Endless Potential: With land in the Daintree becoming scarcer, this parcel stands out. Imagine the possibilities? Build your dream home, create an eco-friendly retreat, or invest in a slice of paradise (subject to council approval).
- * Family Heritage: For years, this block has been cherished by the same family. Now, due to changing circumstances, they're ready to pass the torch.
- * Nature's Bounty: The block boasts virgin rainforest, teeming with native flora and fauna. Picture yourself surrounded by lush greenery, listening to the sounds of birds and rustling leaves.
- * Beach Proximity: Just a few minutes away lies Cow Bay beach, recently featured among Australia's Top 10 Best Beaches. Whether you seek relaxation, adventure, or both, this location delivers.
- * Live completely off grid in one of the most spectacular places on earth. Don't miss out on this gem. Contact us today to explore the possibilities! Nicole Dwyer 0416 033 948 or nicole@propertyshopmossman.com for more information.
