The opportunity to purchase a larger holding, 41.57Ha, in a tightly held district is now available. The property is being sold with the option to purchase the adjoining allotment. The property has power across the front of the block and is sown to rye and subcover pastures. The elevated areas provide magnificent views across the surrounding countryside and would make superb homesites. The property is well fenced and is suitable for a variety of agricultural or lifestyle pursuits. An inspection is highly recommended.
