Option 2 is a beautiful piece of land, set on 5 titles totalling approximately 3 acres. Nestled in the valley with river frontage, this land creates the possibility of building a dream home (STCA) and the bonus of a water right from the river. Whether you are after a change of scenery, a weekend retreat or simply a place to build your new home, you are in very good company in the township of Redesdale. However if it's watersports and activity you are after the Metcalfe pool and Lake Eppalock are only a short drive away. 20 minutes into Kyneton and the Calder freeway provides easy direct access to Melbourne and Bendigo. This is an extraordinary piece of land, a rarity, and well worth visiting.
