Located just minutes from the well known Mulgowie Hotel, this rare and unique 207 acre property is ideal anyone looking for a raw blank canvas property in a tightly held area of the Lockyer Valley. The property is accessed by a well maintained council dirt road and consists of undulating softwood scrub country, with ridges & gullies. The property is partially fenced, with some access tracks and there is a semi cleared flat section which would be suitable for a dwelling or shed. Would suit anyone looking for a lifestyle/adventure block within easy commuting distance from Brisbane.
