"If I'm not home, I've gone fishing!" This is your opportunity to secure a very neat little block on almost half an acre at the northern end of Flinders Island. The block is close to beautiful Palana Beach and the boat ramp where swimming, boating, fishing, diving, beach combing, sunset beach walks or relaxing around the BBQ with friends is a popular activity. North East River isn't too far away either. The block is fully fenced, has plenty of shade trees, is level and easy to maintain. Power is available close to the boundary, and there's plenty of room to move amongst this 1961m² offering. The caravan is included in the sale, so all you'll need to grab is the swap go gas and BBQ, pack the generator and fishing rods, head north for the weekend and take it easy. Alternatively, you could create something more permanent (STCA) and head to the beaches close by whenever the mood takes you.
