\$41,000

If you are looking for a well set up allotment to build on in a rural setting, then this is it! With power with a new smart meter with plug and play switches and power points connected all ready to go. There is a new 5,000 gallon rainwater tank and a second tank for garden water. 40ft high cube shipping container for storage included. Fully fenced, with excellent privacy and security. Level allotment with great rural views out the back. Lockable double gates. 1,000 square metres in size, this offers an affordable opportunity to build in a rural area and build up a sustainable lifestyle. Frances offers a great community environment to live in, with a Primary School, Sporting Facilities and the famous local Pub.
