Although every attempt is made to include a realistic estimate in the from price for site work provisional sums and any other associated costs such as BAL or noise attenuation; these prices may fluctuate and can only be fixed once the lot has been assessed by an independent engineer ordered through Blueprint Homes after entering into an agreement with Blueprint Homes to purchase the relevant package. Pricing may also be subject to change due to circumstances out of Blueprint Homes control (such as fluctuation in land cost and any other costs associated with the land) and if any variations are made to the standard floor plan and/or inclusions. Although Blueprint Homes endeavour to choose the correct style of home to suit the relevant lot, the home plan may need to be varied to suit R code requirements, DAPs, estate covenants, easements or any other unforeseen circumstances not privy to Blueprint Homes at the time of selecting the lot. Any cost implications for these changes will be paid for by the purchaser of the package.Blueprint Homes can confirm that it has not factored the First Home Buyer Grant (FHOG) into any calculations. Its advised that the purchaser discusses with their Lender/Broker the eligibility and utilisation of this grant.Blueprint Homes does not own the land, nor does Blueprint Homes claim to own the land advertised as part of this package. Blueprint Homes have obtained permission from the land owner and/or agent to advertise this lot as part of a house and land package and a separate contract of sale for the land will need to be prepared by the seller of the land. The land component of this advert may no longer be available at the time of your enquiry but with Blueprint Homes relationships with all of the major developers in Perth, Blueprint Homes will be able to customise a package to suit your needs and wants in estates across the Perth metropolitan area.REF: 10032 / Leon: \$707,500* /
