Our warm and approachable customer service approach sets us apart from other new home builders and has enabled us to grow into a respected and nationally-awarded residential construction company. We understand the significance of building your dream home and aim to ensure it is perfect for your lifestyle and, importantly, your budget. Ideal for level sites, the Byron suite of double-storey home designs is both sophisticated and practical. The four-bedroom Byron 262 cleverly separates the living and entertaining zone from the bedrooms with a stunning U-shaped staircase running alongside the well-appointed laundry. The lower level houses a home theatre, open-plan kitchen, meals and family zone with a conveniently placed powder room and a Butler's Pantry perfect for storing and preparing food. Truly the parent's oasis, an upper floor master suite features a T-wall dual walk-in robe and a luxurious ensuite - granting ultimate privacy to the rear of the upper floor. The three remaining bedrooms include a walk-in robe to ensure everyone has ample storage space. The main bedrooms surround the bathroom and rumpus room, which hosts external access to a stunning covered deck. Our Emerge Collection combines affordable home designs with the quintessential Montgomery Homes building experience to ensure your home has the quality items you will need and nothing you won't.
