In the embrace of Australia's coastal splendor lies Austral, a realm where sophistication meets the allure of nature's grandeur. Here, life unfolds against a backdrop of breathtaking vistas, where cerulean waves dance along pristine shores and golden sunsets paint the sky with hues of enchantment. Montgomery Homes epitomizes the pinnacle of luxury living, offering discerning individuals an unparalleled blend of timeless design, meticulous craftsmanship, and modern convenience. Nestled in prestigious locales, each Montgomery residence is a masterpiece of architectural elegance, characterized by grand proportions, exquisite detailing, and an unwavering commitment to quality. With a portfolio ranging from stately mansions to chic urban retreats, Montgomery Homes caters to the most discerning tastes, ensuring that every dwelling is a sanctuary of opulence and refinement. From bespoke interiors adorned with the finest materials to state-of-the-art amenities that anticipate every need, Montgomery Homes represents the epitome of sophisticated living, where discerning residents indulge in a life of unparalleled luxury and privilege. Austral embodies a harmonious fusion of urban sophistication and coastal serenity, offering residents an unparalleled lifestyle enriched by boundless opportunities and timeless charm. From vibrant cityscapes buzzing with cultural vitality to tranquil beachfront communities exuding an air of laid-back elegance, Austral caters to diverse tastes and desires. Impeccably designed residences, nestled amidst lush landscapes and framed by panoramic views, provide havens of comfort and refinement. Living in Austral is an invitation to embrace the essence of Australian living—where the rhythm of life flows with the tides, and each day is a celebration of the extraordinary beauty that surrounds us.\*CONDITIONS APPLY - Bundle price excludes costs associated with land purchase (eg. legal fees, stamp duty and property searches etc). Bundles and pricing are based on current preliminary developer land information and are subject to developers design review panel, land registration and statutory/regulatory authority requirements (eg. Council, BASIX, Mines, Bushfire Regs etc) as well as soil assessment, contour survey and engineers reports. See inclusions list for standard inclusions. Pictures shown are for illustrative purposes only. Montgomery Homes reserves the right to revise plans, pricing and all specifications without obligation or notice prior to payment of a commencement fee. Site cost allowances are based on average site costs and may vary per individual site. Clients are responsible for tree and vegetation removal as well as scraping the site to a depth of 50-75mm prior to construction. The above pricing is an estimate based on land size of 450m<sup>2</sup>. This pricelist is a guide only as pricing of turnkey items and site-specific requirements (i.e. BAL ratings) will vary depending on lot size. Emerge Collection packages are only available for vacant land with a maximum of 900mm fall over the building footprint and where no batter is required. Changes to designs are not permitted. Emerge Collection packages and pricing are for new estates. These packages and pricing do not apply to knock down rebuild sites. Designs and plans are copyright protected and remain the property of Montgomery Homes Pty Ltd at all times. \*The included site costs offered by the Emerge Collection offers peace of mind and instils confidence in managing site expenses. The Emerge Collection included site costs encompasses both earthworks and piercing, specifically: 1. Earthworks; cut and/or fill to create level building pad on sites with maximum 900mm fall across the building envelope. Please note, included site costs price excludes removal of excess spoil, importation of fill and any stepped building pads/dropped edge beams (if applicable) 2. Piercing; supply and placement of up to 40 lineal metres of foundation piers (bored concrete piers or screw piles) to house slab. Please note, piercing layout and extent to be finalised by structural engineer, in conjunction with foundation design and results through the Limited Site Investigation
