Lot 252 Jackson Road, Shell Pocket, Qld 4855

Area: 14 m2

Type: Lifestyle

Dick Williams

0419734705

\$625K

This 36.8 acre block is 20 minutes (approx.) from the magnificent 14 km long coastal strip of Mission Beach, Tropical North Queensland adorned with its 12 tropical islands, incl Dunk Island, only 6 km offshore in Great Barrier Reef Marine Park waters. It is a region of World Heritage listed rainforests, National Parks and Great Barrier Reef Marine Parks. Lot 252 is bounded on 3 sides by World Heritage Rainforests (see plan attached). It is a wild and beautiful place and is the last remote property in the valley, at the end of an all-weather gravel track. (There are only literally a few acreages nearby ...one is a producing rare tropical fruit farm also for sale). From the entry gate you wind up a moderate slope onto a level rainforest plateau with magnificent giant rainforest trees and stunning wildlife including the giant flightless cassowary, striped possums and colourful birds. An envelope has been cleared for house, sheds and infrastructure. A 8 x 12m cement block shed is currently being constructed. The property is off the main power grid and there is a good reliable natural water supply. Perfect acreage to create a self-sufficient existence in total privacy away from the world. Cairns domestic and international airport are 1 3/4 hrs away along National Hwy 1. What are you waiting for? A Rare Find and Affordable!!! Exclusive Agent Dick Williams 0419 734 705
