With land selling like hot cakes, it might be time to get in early and have a look at this cracker of a block! Glenwood certainly has become a go to location for people seeking lifestyle living, but at a really affordable rate. Where else in QLD can you buy great acreage at these prices? And your close enough to the wonders of the Fraser Coast, the stunning beaches at Rainbow and only a short short trip to the Sunshine Coast for those who like their shopping therapy! This block is stunningly situated on 7835m² of fertile land with a scattering of large mature hardwood trees offering shady areas for the wallabies and roos that take up residence in this great location. The block offers a fantastic build location half way up the block with plenty of privacy and land left for the avid gardeners, plus room left for pets to roam! On a sealed road with mains power roadside, it just doesn't really get any better than this. If you have made the decision to break the suburban shackles, give us a ring today to view this cracker of a block!
