\$671,876*

Of course you want to live in a lovely home - that's a given. But imagine coming home to your very own exclusive bar and restaurant right on your doorstep. Maybe you feel like a quick dip in your sparkling blue pool? Perhaps a friendly game of tennis with friends, or a workout in your private gym? Or maybe you just fancy a stroll along the walkways that wind their way through your own golf course. Wherever you are in Mandalay the beautiful greens of the Peter Thomson designed 18 hole golf course enrich your views. And now imagine this paradise is nestled in a gorgeous natural landscape surrounded by rolling hills. Now you're beginning to see why we say Mandalay is "Resort living, every day". Mandalay is the height of modern living, yet its community values are down-to-earth. Mandalay is much more than just a home for you and your family. We've created an environment where 'green' is at the heart of the community. Every home has direct access to open spaces and walking paths that connect parks, ponds and the golf course. Our parks and playgrounds have been designed to be enjoyed by kids of all ages while respecting the natural environment. Mandalay is a community for families to grow, for lasting relationships to be forged and for a close-knit community to flourish, where neighbours aren't just neighbours, but friends for life. And in this day and age, we've put a high priority on creating a safe and secure environment that provides peace of mind for the people who live here.* = FIRST HOME BUYER PRICE
