The Robina is cleverly designed and sure to impress. This delightful yet compact three bedroom home is designed to make maximum use of space and suits the narrowest of blocks. Each of the three bedrooms is positioned to afford you the maximum of privacy. The stylish entry foyer opens next to a private bedroom to the front of home ideal for guests or as a home-based office. Two more bedrooms are separated with the ensuited master positioned at the rear of the home for privacy. The open-plan family living space takes in a functional kitchen with island bench adjacent dining a spacious family lounge and easy access to the covered alfresco area. A single garage with laundry space completes the picture.
