\$549,000

Located in the highly sought after Eukey district about 15 minutes from Stanthorpe CBD, this 32.375 hectares of excellent grazing land has been in the same family for many years but it is time to see a new family make it theirs. The property is comprised of one large fenced paddock, mainly cleared with 3 good dams, a creek and a small waterhole, stands of native trees for shade and shelter and the quintessential granite rock formations typical of our Granite Belt District. Outstanding views, peace and privacy and abundant wildlife will impress any buyer looking for a rural lifestyle with good grazing land and off-grid potential. This property does not have a made road for access however there is an unmade gazetted road to the boundary - it will be buyer's responsibility to make a road to Council standards if building a home here. Call the exclusive agent Julia Jones 0408 997 456 or Crisp Real Estate 07 4681 2177 for more information or to arrange an inspection.
