Type: Residential Land

Stephen Ring
0417866344

\$650,000 - \$715,000

What a dream! Imagine living with the environment and your own space in the heart of Blackwood. This 2736sqm, (0.68acre) parcel of land has a 44m frontage to Hannaford Road. The land is a consistent hillside setting with great scope to dream, design and build to the site ..., and take every advantage of a natural environment. It's what living in the Mitcham Foothills is all about! There is a gravel driveway that passes through the middle of the allotment and cleared area where you can really vision a home. Imagine being elevated off the ground and living with treetops! The back of the land enjoys an east-north aspect which will be superb, and all services are simple to connect. Allotments like this are just about impossible to find. When building sites are getting smaller, how lucky to be able to live with you own space and be so connected to a shopping precinct and metropolitan Adelaide. It's where that Country feeling meets City convenience! Please get in touch for a chat.
