The Ascot is a well-appointed family home designed for narrow sites. The open plan living area with kitchen, family and dining rooms flow directly out to the alfresco area providing fantastic entertaining options. The upper floor comprises 4 bedrooms including a large master suit to the front of the home with ensuite and dual walk-in-robos. An activity room centrally positioned to the 2nd, 3rd and 4th bedrooms provides a great alternative living space to the downstairs family room. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Ascot design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use, this design is best positioned on sites with the north aspect towards the rear & side of the home, providing sustainable and comfortable living conditions throughout the year.
