WHO ARE WE? The Australian Building Company is all about making it easier and simpler for Australians to build beautiful new homes that always offer exceptional value for money. Our award-winning homes are created by top home designers to suit the requirements of modern Australian families– families who don't want to break the bank just to own their own home. We offer designs to suit everyone from a single person or couple, right up to a fast-growing family with a bunch of kids and teens. Single storey or double storey, we've got you covered. 'ABC' simply means great homes at great prices, built to last. Our 'Easy As' 3 step process makes getting into your home a breeze. We have simplified the process to save you stress, and make your new build more affordable and faster than ever.

THE AGENT: Hi there! If this package doesn't tick every box, then please don't hesitate to get in touch and I can create a home specifically around your needs, in your dream location. We regularly have a range of exclusive packages with our developer partners, so I can get you on the list for new releases before they are advertised. I understand how tricky getting into your dream home, or buying that perfect investment can be, so get in touch and let me help you navigate the process for you.
