This is glorious country with stunning expansive views, rolling hills, running winter streams, bountiful grazing paddocks, nice mix of trees and open areas plus a large American Barn style shed with carport, mezzanine floor, rain water tanks, hot and cold water plus connected to compliant septic systems. Perfect set up for a weekend away. This is a very private piece of land where you pretty much do what you want, whether as a quiet retreat, maybe do a bit of farming, squirt around on your quad bike, maybe grow some veggies or have a picnic beside the bubbling brook. Call Luinow on 1300 149 091 and arrange for a private viewing.
