**\$600,000**

Only a short and peaceful drive from K-Mart sits this handy and quiet lifestyle block. With elevated and valley views across the approximate 42 acres, your peace and solitude are assured. Surrounded by other established homes (but not too close) this block starts right where Preston Rd & Preston Boundary Rd meet on their eastern end and then runs to the east from there. There are up to 3 house sites on this western end of the block – 2 which are along the western boundary and 1 up on a raised knoll just along the southern boundary. If you're looking for the opportunity for a tree change, want the convenience of being close to city amenities but don't want the hustle & bustle, then this block will be what you are looking for. For any further information or simply to discuss the possibilities please give Lachlan Evans a call on 0418185220 or send an enquiry from this website.
