**\$105,000**

21m frontage may not sound like much, but you need it when you have a large boat or caravan that you're trying to reverse! Plus it's perfectly rectangular, 735m<sup>2</sup> flat, fully serviced block. It's also brilliantly located in stage 5, the earlier stages of Beachridge Estate, so it's established and only meters down the road from a popular kid's park. No time restrictions to build, but plenty of builders in town if you want too. This is the one of the cheapest block we have for sale, so don't delay. For more information, call Samantha at Ray White Jurien Bay on 0409 104724.
