Ideal for the busy urban family, the Greenhill makes the best use of your home site with a double garage at the back of the house for rear-lane entry. The home is centred around an open-plan living space consisting of a well-appointed kitchen, spacious family and dining areas, and a goodsized alfresco area. The bedrooms are well separated for privacy, including the master suite at the front of the home with walk-in robe, ensuite and adjacent formal lounge. A choice of four stylish facades means you'll feel at home in any neighbourhood. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Greenhill design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use, this design is best positioned on sites with the north aspect towards the side of the home, providing sustainable and comfortable living conditions throughout the year.
