We also have Homes for sale that are already under construction in this location so call now to arrange an inspection. If you haven't seen Woodbury in Victoria Point, now is the time to take a look. This exciting new development off Bunker Road in Victoria Point is the start of Fiteni's master planned community nestled amongst beautiful bushland and close to shops and schools etc. Works are commencing on the amazing local park and we now have plenty of homes under construction. Woodbury will give approximately 800 families, couples and individuals the chance to live alongside an abundance of flora and fauna, with about 25 per cent of the site allocated to uninterrupted nature. Boasting 45 hectares of open green space, protected bushland areas and four parks, you'll be able to get close to nature, right from your doorstep. Thoughtfully designed pedestrian pathways and cycleways make it easy to get around, and access the neighbourhood convenience centre, which will provide both shopping and employment opportunities. Established over 45 years ago, Fiteni is a family owned, new home and land construction company with a distinguished reputation for the exceptional quality of its homes and excellent value for money. Currently more than 10,000 families across South-East Queensland call a Fiteni community their home. ****All photos/illustrations are plans for illustrative purposes and should be used as a guide only****
