Offers by Expressions of Interest

It is almost rare to impossible to find 40.5 acres/16.4 ha., right in the urban precincts and also to have a 2 Street frontage, gentle, topography, and very lengthy Creek frontage. This parcel of land needs to be sold as the family are starting to reset their position for retirement. Some other improvements to the property is there is a 3000 gallon per hour equipped bore, and there is electricity past the site. As a perfect location, it is located with good topographical fall to the creek and very close to all other local amenities, five primary & secondary schools within minutes of the big box retail area of Bunnings and Spotlight Centres, whilst Mt Pleasant Shopping Centre only being a short drive. Contact Greg Chappell today 0408 775 810.
