With only 3 lots remaining, Negara Street offers a lifestyle second to none with selection of blocks. The layout will offer a quiet cul-de-sac with elevated northerly aspects from most blocks. One of the lots faces north and fronts the 15th fairway, the other two have aspects towards the 6th fairway. Norwood has long been renowned as one of Launceston's most family friendly suburbs. Retaining its leafy feel with an abundance of green spaces and gardens, it is no wonder it has gained even more popularity in recent years. The flat topography provides a wonderful opportunity for exploring on foot or bicycle. With one of Launceston's most popular IGA supermarkets on your doorstep, you can enjoy shopping local, but with the added convenience of Kings Meadows shopping centre just minutes away.
