\$125,000

This attractive block offers its next new owners an opportunity to purchase a 1897 sqm leveled corner block of land situated on the corner of Goomburra and Allora Street in the quiet rural town which is starting to become a popular place to live at Hendon which is only 6 mins from the township of Allora and only a 15 min drive to Warwick. This block offers extra wide footpath frontage to both sides. The hard work has already been completed by removing all the bush trees and the current owners will hand over their Paul Brundell architectural design plans which have shed, tank and home design all in place. Please don't hesitate to phone me now to secure this remarkable block of land. Property Code: 4927
