Lot 969, 137 Sixth Avenue, Kendenup, WA 6323

Area: 2023 m2

Type: Residential Land

Crystal Cave

\$90,000

This 2023m2 block (half an acre) is on 1 title and is double the size of most Kendenup blocks that come on the market for sale. With both power and water already connected to this block, this provides a huge saving to a Buyer in the way of both money and time. The block is mainly clear with some trees around the boundary and it is situated in a cul-de-sac street. The block is being sold 'as is' which includes an older style caravan and shed/shade house frames. This block is well worth an inspection. \$90,000KB8CC
