Expressions of Interest Lots From \$400,000

The first stage of Bayley's Hill Estate offers a choice of 20 spectacular lots of no less than 2,000m² (1/2 acre) providing a spacious environment to create something stunning in a secluded setting where you don't need to live on top of each other. Vacant lots like these are rarely available in Denmark, especially those with uninterrupted and breathtaking views of Wilson Inlet, the Southern Ocean and Porongurup Mountain Range. This is an exceptional opportunity to register interest in your own picturesque future lifestyle block or retirement property. These 2,000m² lots have inbuilt safeguards aimed at securing the unique views. All lots are located within 2 kilometres of the centre of Denmark's high street that is serviced with all the essentials of a major centre including supermarkets, banks, chemist, hardware, medical and health services, sporting facilities, service stations and a variety of entertainment venues. Denmark is within a region offering a range of extraordinary attractions including an amazing coastline of world-class beaches, national parks and scenery, a variety of wineries, breweries and other production venues offering award-winning gourmet hospitality options - all at your doorstep. Sealed roads, NBN, street lighting, stormwater drainage, underground town power and water services will be available to each lot and there are no time limits for building on the lots. Subdivision construction is anticipated to commence in late 2024 with titles available later in 2025 and Lot prices start from \$400,000. For more information please call Kim Barrow 0427 481 498 or Andrew Barrow 0409 081 075.
