East facing and intimately close to the iconic lagoon pools of the Mirage. The position is both quiet and private, yet so close to the sands of Fourmile Beach and the resort - all key ingredients for successful rental and ultimate enjoyment. From the moment you enter, you are greeted with holiday vibes. The timeless design of the villa is perfect - providing large, airy and open rooms with vaulted ceilings and loads of natural light. Tastefully splashed with designer colours and fabrics, this villa oozes a relaxed tropical feel. Indoor living blends brilliantly with outdoors, whilst refreshing southeasterly sea breezes flow through the lush gardens before naturally cooling the villa. The two bedrooms are both truly king size. The master on the first floor is accessed via an elevated skywalk and has its own east facing balcony overlooking the grounds and the ground floor guest suite provides a private open aired walled retreat. Recent quality renovations mean you can drop your bags and start enjoying. You will be impressed with the following features: - Modern kitchen and appliances - Two king-size bedrooms both with their own private ensuite - An additional powder room perfect for guests and entertaining - Electric remote controlled privacy blinds to the living area - Louvred plantation shutters compliment all other windows. - Fully furnished, a true walk-in walk-out opportunity - New LED lighting throughout with ceiling fans to the bedrooms - New roofing works complete, new surrounding garden works complete. Ideally automatically approved for foreign investment (FIRB Approved). This is as good as it gets... supremely close to the centre of the resort yet secluded enough to ensure total privacy.
