Located 8 kms from Noojee, in the Baw Baw Ranges, this picturesque 170 acre (approx) farm offers productive farming land, plus a 4 bedroom home. The land is mostly undulating, with around 130 acres pasture and approx 40 acres of native bush. Offering over 20 squares of living space, the brick veneer home was constructed in 1990, and features a large L-shaped living dining area and four generously sized bedrooms, including the main with ensuite. A high clearance 12m x 12m shed provides plenty of workshop and storage room. Stock water is supplied from a large spring fed dam. An amazing opportunity to secure a sizeable acreage in this tightly held region
