This property offers an amazing opportunity for you to create whatever your heart so desires. Commonly known as the Gloucester Advocate Office and in more recent times the Black Pig Gallery and the Ladybug Shop it has an interesting history. It currently offers 2 office spaces, a spacious open display area, large store room, slow combustion fire place, sink area and 2 toilets. There is open space down the side and at the rear with vehicle access through back gate. This blank canvas can lend itself to an array of possibilities being zoned E1. Located only 40m from the main street business hub and opposite the newly renovated Club Gloucester.
