Contact agent

A large Tasmanian Central Highlands opportunity with frontage to the tranquil Pine Tier Lagoon. This approximately 4,620 acre property is a mixture of open native grasslands and native timbered areas, with majestic views. Water is a feature with up to 5 streams, including the Nive River transversing the property. There are 6 titles and all can be accessed via graveled roads which run throughout the property. Secure fencing enables the vendor to run livestock, which has been a traditional use of the central Tasmanian highland properties since settlement. For a peaceful getaway to enjoy everything that Tasmania has to offer, including world class trout fishing, the Derwent Bridge wall, Pumphouse Point, a myriad of recreational lake areas and Tasmania's Hydro dams and lakes.
