This type of property is in short supply so do not hesitate on this one! Pretty 5 acre bush block (part of 1360 Traylen) with power dome. Scheme water available at the roadside. This newly created north facing 5 acre allotment is fenced and firebreak has been installed. The location is very peaceful & private yet only 5 kms from Mundaring Village. Native & assorted vegetation adds to the ambience of this special spot & encourages local wildlife to visit. There is even a preservation order on a couple trees to ensure endangered birds are kept happy. The separate Certificate of Title for this property is envisaged first quarter of 2024. Secure this vacant land now & plan your Hills Haven while you await the Title. Please contact me to arrange your own private inspection at your leisure.
