Lovely 20 acre approximately block in the Pyrenees region. This picturesque block is billiard table flat, with power running through it, (see photo of power pole) a pretty watercourse and a view of the Kara Kara national park. There is also a small dam and an old shed, as a starting point for the next step. There's even a phone connection. The current owner has made significant upgrades to the property and has a caravan on site (available for sale separately) for weekend accommodation. Right in the middle of the central Victorian goldfields, the area is a favourite with fossickers and prospectors. https://en.wikipedia.org/wiki/Kara_Kara_National_Park Barkly is about 25 minutes to Avoca or 10 minutes to Landsborough for your essentials.
