\$1,850,000

Advantaged by its own independent frontage on Gladstone Avenue, this striking brand new executive 3-bedroom residence designed by award winning architects Ewart Leaf, curates an enviable Armadale lifestyle where a sense of proportion, designer style, versatile zoning and bespoke finishes are paramount. Serenely positioned behind a landscaped forecourt, a tall solid timber door reveals interior dimensions where limed oak floors and high ceilings accentuate the feeling of space and light. A ground level bedroom with built in robe and desk and a stylish bathroom opens to a private west-facing courtyard. Natural light streams through the expansive open plan living and dining room with a Tundra marble bar and gourmet kitchen appointed with Tundra marble and Smeg appliances. The living extends seamlessly out to a large undercover balcony offering leafy views and a wonderful venue for al fresco dining. On the level above, there are two double bedrooms with robes, a spacious retreat with fitted study nook and designer bathroom. Just a short stroll to Glenferrie Rd and Malvern Central shops and restaurants, Malvern station, trams and elite schools, it includes an alarm, video intercom, RC/air-conditioning, powder-room, laundry, ample storage, internally accessed garage and car charger.
