**\$300,000**

Have you ever wanted to own your very own acre of land right in the heart of Windsor.. Maybe you have a horse or some goats? Maybe you are an avid gardener or maybe you just want some space to enjoy your weekends on the banks of South Creek.. This cracking 4553m<sup>2</sup> parcel of land is more than an acre of predominantly clear grazing land with creek frontage to South Creek but due to its height and proximity to the creek there are development restrictions due to the likelihood of flooding. . Located next to an equine agistment and livery property it is perfectly positioned for someone in Windsor to keep a few horses or have a few pet animals ... Inspections welcome Call The Adam Buchert team today
